Shell		EDO3500															

Public Holidays: Australia Day: 26 January 2024 (*make up day for public holiday(s) shown before the block placement)

FLP = Flexible Learning Period

ENR = Enrichment

SB = Study Break

X = compulsory professional experience days that must be attended before the block placement and are counted as supervised days

Queensland Schools commence with Pupil-free days at the start of the year on 18 and 19 January 2024.

The placements with ** denote the Pupil-free days in the week prior to the start of the school year. The Australia Day public holiday (on 26 January 2024) requires a make-up day which can be attended either before, or after, the block. You are able to attend these two (2) Pupil-free days in the week starting 15 January 2024. If a particular school cannot host you for the Pupil-free days, you will commence your placement in the week of 22 January 2024 and attend one (1) make-up day after the block. In the final week of the block, all students will have completed the total required number of placement days which account for the public holiday and the make-up day. When your placement is confirmed in InPlace, the UniSQ Wil Team will advise if the school expects you to attend the Pupil-free days and your final day of placement.

Notes about the UniSQ Academic Calendar in the Trimester layer for the School of Education:

Students are expected to study throughout the entire Study Period, with some of that study occurring during the in the Flexible Learning Period and the Enrichment Period.

Flexible Learning Period: Flexible Learning Periods are scheduled into the Trimester Study Periods. These weeks will contain no new teaching content. They may, however, include other learning components, such as professional experience placements, rehearsals, practical work or residential schools. Assessment may also be scheduled during this time.

Enrichment: the Enrichment Period (ENR) is scheduled when students are not attending professional experience or at the end of the trimester. These weeks will contain no new teaching content but may include assessment or other learning components.
