Bachelor of Education (Primary) (BPED)

Program Change and Transition Guide

About Your Program

To offer you a flexible learning journey with relevant and classroom-ready skills, we have made some improvements to your program through the re-accreditation of the Bachelor of Education (Primary) (BPED) starting in **Trimester 1, 2024**.

This Bachelor of Education (Primary) (BPED) guide contains all the information that you need to know about your program. The BPED is a 32 credit point (32 course program) with at least eighty (80) days of supervised professional experience and the [Literacy and Numeracy Test for Initial Teacher Education (LANTITE)](). Successful completion of all of the requirements for your program, including passing both the literacy and numeracy tests, are required prior to graduation from the program and eligibility to apply for registration as a teacher with the Queensland College of Teachers (QCT). It is your responsibility to register and complete your LANTITE tests prior to graduation.

This guide will support your learning journey for:

Section 1: Primary Curriculum Area Specialisation

Section 2: Planning My Enrolment Pattern

Continuing Students

All successfully completed courses will contribute to your program and you will continue studying as normal.

The transition plan lets you know the last offer of the old courses and the first offer of the new courses so if you miss the last offer of a course that currently appears on your enrolment pattern you will immediately transition into the new course.

The transition plan also lets you know when courses are offered (e.g. T1, T2 or T3) which will assist you to plan your enrolment for the remainder of your program.

Please follow the step-by-step guide to build your personalised enrolment pattern.

New Students commencing in Trimester 1 2024

As a new student commencing study in 2024, you will follow your enrolment pattern by taking the new courses as they are rolled out for the first time.

The recommended enrolment pattern is shown for eight courses per year with study in all three trimesters.

Section 1: Primary Curriculum Area Specialisation

As a generalist primary teacher, you are expected to teach all the curriculum areas and have a specialisation in a particular curriculum area.

The choice of your Primary Curriculum Specialisation is guided by your choice of one from the following areas:

- English
- Mathematics
- Science
- The Arts
- Humanities
- Health & Physical Education

Only continuing students are able to select the Languages (LOTE) specialisation course EPS2005 Linking Through Languages, until the last offer in T2 2025.

After the last offer in T2, 2025, the old "EPS" coded courses will be superseded by the new "EDP" coded Primary Curriculum Specialist courses in T1, 2026.

Commencing Trimester 2 (3+3+2 pattern)

Step 3

Things to consider when planning your enrolment:

- You will be required to meet any pre-requisites listed in the course specifications to enrol in that course
- You are encouraged to take at least one professional experience course every year and you can not take more than one professional experience course in the same trimester.
- If you are not able to take a course before it is superseded (see transition table for the last offer), then you will immediately transition into the new course.
    - For example, if you have not studied EDX1250 (last offer 2023), then you will transition into the replacement course EDX1152

Professional Experience Courses – Continuing Students

The five professional experience courses are arranged in a consecutive and developmentally appropriate pattern to meet the minimum requirement for 80 days of professional experience, with the majority of placement in Australian school settings.

If you have not completed EDP2111 The Roles of the Teacher 1 in or before Trimester 2 2024 you will immediately transition to the new courses to complete your professional experience.
